This document is to explain the two different kinds of Travel Requests that can be completed in Concur. In each of these Travel Requests, there are certain requirements on which Travel Request is appropriate to use, and how it can be completed. The two kinds of Travel Requests are:

- Travel Request
- Blanket Travel Request

Note: If you are creating an international travel request, please refer to the Travel Request International Quick Guide, as this checklist focuses on domestic travel only, within the 48 states, (except Alaska & Hawaii). All types of travel require a travel request to be submitted and approved.
