**SUBMIT TRAVEL REQUEST AND REQUIRED DOCUMENTATION**

If the traveler is currently employed by CSU Fullerton (faculty, staff, student employee/job related), a student employee (non-job-related) or a student traveling on University business, prepare CSUF Travel Request 4 – 6 weeks prior to the departure date to allow sufficient time to obtain the traveler’s signature and required approvals. For travel to high hazard countries, submit Travel Request 6 – 8 weeks prior to the departure date.

Submit approved CSUF Travel Request (state funded, multiple source funded or zero dollars) and required documentation (e.g., attach copy of registration form, student travel forms, etc.) to Travel Operations, CP-300 prior to the travel dates.

**Streamlined Travel Request and Claim Processing Flow (Rev. 07-2014)**

http://finance.fullerton.edu/Controller/Travel/StudentTravel.asp

Travel Operations only assigns a document number if the travel expenses will be paid by state funds. Allowable expenses should not be charged to a Procurement Card until Travel Operations assigns a document number.

Travelers should make certain that the business related expenses they incur are ordinary, reasonable, not extravagant, and necessary for the purpose of the trip.

If travel expense(s) paid by the traveler’s personal credit card, cash or a University check, original itemized receipts showing proof of payment must be attached to the Travel Expense Claim

- All business meals with official University guest
- A receipt for an allowable gift in lieu of lodging when a traveler lodges with a friend or relative while on official University business
- All other single reimbursable expenses costing $75 or more

If travel expense paid by the Procurement Card, a copy of the itemized receipt showing proof of payment must be attached to the Travel Expense Claim and the original itemized receipt must be attached to the Procurement Card statement

- All business meals with official University guest
- A receipt for an allowable gift in lieu of lodging when a traveler lodges with a friend or relative while on official University business
- All other single reimbursable expenses costing $75 or more

Payment of travel costs for CSUF employees by another party may constitute a conflict of interest. The Conflict of Interest Handbook prepared by the Office of General Counsel provides additional information and may be found at: [http://www.calstate.edu/HRAdm/Policies/coi.shtml](http://www.calstate.edu/HRAdm/Policies/coi.shtml)

The terms of a collective bargaining agreement shall govern when such terms do not conform to the provisions of these procedures. These procedures are neither intended to nor shall be interpreted in any manner that would diminish the rights of employees under a settlement agreement.

The departments, if desired, may adopt more restrictive guidelines and procedures than the CSUF Travel Policy and Procedures.

**Exceptions**

Exceptions must be authorized in writing by the President.

- Exceptions may be granted due to extenuating circumstances and an exception must be documented
- An approved exception will only be reimbursed for actual costs incurred or charged to a Procurement Card, provided such costs are deemed to be ordinary, reasonable, not extravagant, and necessary under the circumstances
- A justification memo signed by the Division Vice President and President must be attached to the Travel Request or Travel Expense Claim

**Personal travel combined with University business travel**

- When travel on state business is extended for personal reasons, the traveler will only reimbursed for expenses during the time he/she would have been required to travel were the trip not extended for personal reasons
- When a different method of transportation is used for personal convenience, such as driving instead of flying (refer to #1 on page 13), will pay the lesser cost of the two methods
- Traveler must use his/her own personal time if the alternate method is used and required additional time
Travel Related Insurance
For insurance coverage purposes, an official University business trip begins when the traveler leaves his/her residence or normal work location, whichever occurs last, and ends when the traveler returns to his/her residence or normal work location, whichever occurs first.

Contact the Office of University Risk Management at (657) 278-4937 regarding insurance, foreign traveler liability insurance, requirements for Driving on University Business, when a privately owned vehicle operated by an employee is damaged by collision or receives other accidental damage (reasonable reimbursement for repairs may be allowed under certain conditions), etc.

Emergencies
In case of emergencies while on travel status, the traveler should first contact emergency responders at their location. The traveler’s appropriate administrator and Office of University Risk Management should be informed as soon as possible.

Spouse or registered domestic partner travel
Spouse or registered domestic partner travel expenses may not be charged to university funds. Contract and grant funds may only be used to reimburse spouse or registered domestic partner travel if the special provisions of the contract or grant are satisfied. Non-state funds may be used.

The travel expenses of a spouse or registered domestic partner who accompanies a University business traveler (e.g., President, Provost, Vice Presidents, or other employees as approved by the President) are reimbursable under these procedures, provided it can be established that the significant other's presence serves a bona fide University business purpose.

Under IRS regulations, the travel expenses of a spouse or registered domestic partner are not taxable, provided it can be established that his/her presence serves a bona fide business purpose. A spouse or registered domestic partner who attends a function is considered to have a business purpose if he or she has a significant role in the proceedings or makes an important contribution to the success of an event.

If a spouse or registered domestic partner has no significant role in the proceedings, or performs only incidental duties of a social or clerical nature, attendance does not constitute a bona fide business purpose. Such expenses are taxable to the employee and therefore may not be reimbursed under this policy.

Faculty members on sabbatical leave
Travel expenses for these travelers will be paid, reimbursed, and reported in accordance with the provisions of these procedures.
- Travel expenses incurred by faculty members on sabbatical leave are reimbursable if the travel is undertaken to perform study or research that cannot be done elsewhere
- At the discretion of the department, a faculty member may be reimbursed for additional lodging expenses incurred at the sabbatical location, less any income received by the individual for renting out his/her primary residence
- Sabbatical travel expenses are not reimbursable if the travel is for a personal, recreational, or educational purpose that has no direct relationship to the individual's area of study
- A faculty member who is on sabbatical leave of less than one year is considered to be temporarily away from home and therefore may be reimbursed for reasonable travel expenses incurred at the temporary location, including meals and lodging

Post-Doctorates
Post-Doctoral fellows, if employed by the CSUF, may be reimbursed for travel expenses if there is a University business-related reason for travel (e.g., the individual is required to present a paper, deliver a speech or lecture, serve on a panel, etc. as an official representative of the University).

The department should substantiate the University business purpose on the Travel Expense Claim or provide other documentation, such as a copy of the meeting/conference program.

Any exception must be approved by the President. A justification memo signed by the Division Vice President and President must be attached to the Travel Request or Travel Expense Claim.

**Definition**
Transportation expenses include the following:
- Charges for commercial carrier fares; travel agency service fees; car (private vehicle mileage) and rental car/truck charges (including fuel for rentals); emergency repair to University cars; overnight and day auto parking; bridge and road tolls; taxi and public transportation fares; and all other charges for transportation services necessary to accomplish the official business purpose of the trip.

**Lost Tickets**
Service charges for tickets lost by travelers may be reimbursed (provided such occurrences are infrequent). Charges for re-ticketing, schedule changes, etc. are reimbursable if incurred for a valid business reason (the reason for the charge must be specified on the Travel Expense Claim).

Advance approval is required when a traveler takes an indirect route or interrupts travel by a direct route, for other than University business. Any resulting additional expenses shall be borne by the traveler. The reimbursement of expenses shall be limited to the actual costs incurred or the charges that would have been incurred via a usually traveled route, whichever is less. Any resulting excess travel time will not be considered work time and will be charged to the appropriate type of leave. The employee shall be responsible for accurate reporting of such leave time.

**Surface Transportation Used in Lieu of Air Travel**
If advance approval has been obtained, a traveler may use surface transportation for personal reasons even though air travel is the appropriate mode of transportation. Such costs, however, shall not exceed the cost of airfare, based on the lower of the regular coach fare available for the location of travel from a standard commercial air carrier or the campus travel program fare, plus transportation costs to and from the terminals (documentation demonstrating the cost of regular coach in effect at the time of travel should be included with the Travel Expense Claim). The cost of meals and lodging, parking, mileage, tolls, taxis, and ferries incurred while in transit by surface transportation may be reimbursed.

**Travel Extended to Save Costs**
Additional expenses associated with travel extended to save costs (e.g., a Saturday night stay for domestic travel, may be reimbursed when the cost of airfare would be less than the cost of airfare had the traveler not extended the trip (provided the expenses were incurred in compliance with these procedures). Such expenses, which include lodging, car rental, meals and incidental expenses (subject to the reimbursement caps in #A on page 6-7, #B on page 7-9, #C on page 9) incurred within the vicinity of the business destination, shall not exceed the amount the University would have paid had the traveler not extended the trip.

**Transportation Expenses – airfare/baggage, rental car/truck, University vehicle, other forms of transportation, passenger ships, parking/tolls, automobile (private vehicle)**

**D. Airfare and Baggage**
If there will be economy-class/coach airfare expenses (upgrades to business class or first class, early bird check-in fee, Even More Space, extra leg room, etc. may not be charged to a Procurement Card or claims may not be submitted).

A reservation for reasonable airfare should only be made after an approved Travel Request has been submitted to Travel Operations, CP-300 and the traveler has received an email notification with the assigned travel document number.

- Purchase the airline ticket directly from an airline, travel agency, or online via the internet.
- The traveler may purchase additional insurance; however, the additional insurance may not be charged to a University issued credit card and the traveler will not be reimbursed for this expense.

- Documentation to substantiate the claim is required. Claims of less than $1,000 may be settled, if appropriate, at the University level. Claims or settlements greater than $1,000 a claim may be filed through the Victim’s Compensation and Government Claims Board (VCGCB).
