The Cal State Fullerton Campus

California State University, Fullerton is one of 23 campuses in the California State University System, which is the largest and most diverse university system in the country. The campus is one of the largest CSU campuses with over 38,000 students enrolled in the fall of 2013, over 2,000 full and part-time faculty, and over 1,800 full and part-time staff.

The main campus was founded in 1957 by act of the California Legislature. Classes began in fall 1959 in facilities leased from the Fullerton Union High School District, and classes on the main campus site began in fall 1960. The campus is located on 236 acres in Orange County at 800 N. State College Blvd., Fullerton, CA 92831, with a branch campus in Irvine, CA. Other Cal State Fullerton facilities are Desert Studies Center at Zzyzx Road, Grand Central Art Center, Tucker Wildlife Sanctuary, and Garden Grove Center.

As part of The California State University, Cal State Fullerton is subject to policies established by the California Legislature and the CSU Board of Trustees. Governance at the campus level is the responsibility of the President. The President has delegated authority to the Contracts and Procurement Office to enter into contracts for materials, supplies, equipment, services and construction projects.

Contracts and Procurement

Contracts and Procurement (C&P) resides within Business & Admin Services in the Division of Administration and Finance, and is responsible for the development, maintenance, and administration of the procurement function on campus. This is accomplished via professional contracting and purchasing practices incorporating “leading edge” procurement strategies and “best practices.”

Adopted by Contracts and Procurement at Cal State Fullerton

Procurement of Goods

C&P issues purchase orders or contracts for the acquisition of goods and materials upon receipt of authorized requisition from a requesting department. The completed purchase order may be emailed, faxed, or mailed to the vendor. It is the vendor's responsibility to advise the appropriate buyer listed on the order if the requested items, pricing, or delivery date cannot be met. Goods and materials are subject to the CSU General Provisions for Acquisition of Goods, which may be found at <http://www.calstate.edu/CSP/crl/GP/GP.shtml>.

NOTE: Vendors are advised that a valid purchase order issued by the Contracts and Procurement Office is required for all purchases. Purchases made in the name of the University without an authorized purchase order is considered a personal obligation of the individual and are not binding on the University.

Procurement of Services

C&P issues services orders or service contracts for the acquisition of various services upon receipt of authorized requisition from a requesting department. Services include but are not limited to maintenance, consulting, equipment rental, leases, professional services, and independent contractor work. Services are subject to the CSU General Provisions for Service Acquisitions, which may be found at <http://www.calstate.edu/CSP/crl/GP/GP.shtml>.

NOTE: Vendors are advised that a valid purchase order issued by the Contracts and Procurement Office is required for all services. Purchase of services made in the name of the University without an authorized service order is considered a personal obligation of the individual and are not binding on the University.

Construction

Construction, or Public Works projects, are designed, administered, and managed on the campus in accordance with CSU Major Capital Outlay policies and procedures, and require the approval of the Office of General Counsel.

Major Capital Projects have a value greater than \$600,000 and Minor Capital Projects have a value of less than \$600,000.

Projects under \$5,000 do not require bid and award may be made without competition. Minor Capital Projects from \$5,000 to \$600,000 require at least three written competitive bids. On the Cal State Fullerton campus, Minor Capital projects and special repairs are typically handled via the Job Order Contract (JOC) process.

Major Capital Projects valued at \$600,000 or greater are subject to the bidding provisions of the Public Contract code and CSU Contract law. Contractors must be pre-qualified through the CSU Office of the Chancellor for projects greater than \$600,000.

Professional services agreements (services related to public works projects, architect or engineer agreements) are awarded through an interview process not based on lowest cost. Architects and engineers must be pre-qualified through the CSU Office of the Chancellor.

General Bid Thresholds

Acquisitions less than \$50,000 do not require competition, however C&P may require formal or informal competition for any dollar procurement if it is determined that competition is advantageous or necessary for sound business reasons.

Acquisitions greater than \$50,000 and less than \$250,000 may be awarded to a Certified Small Business (SB) or Disabled Veteran Business Enterprise (DVBE) as long as price quotations have been obtained from two or more Certified Small Businesses or Disabled Veteran Enterprises.

Acquisitions of \$50,000 or greater are formally advertised and bid via an Invitation for Bid (IFB) solicitation or a Request for Proposal (RFP) solicitation.

The Bid Process

Cal State Fullerton utilizes CSU Systemwide Agreements, Master Pricing Agreements, strategic sourcing, cooperatives and consortiums, and various other purchasing programs whenever possible to achieve maximum discounts through volume purchases.

Formal solicitations (IFB's or RFP's) for the acquisition of goods or services require published advertising in Bidsync. Contracts and Procurement will advertise formal solicitations for goods or services greater than \$50,000 and either post the bid documents directly onto the site for downloading, or furnish bid documents upon written request from interested parties.

The bid or proposal will indicate the specific date and time for the sealed bid responses to be publicly opened and read. Bids received after the closing date and time will be rejected. After the bid opening, Contracts and Procurement will evaluate all submittals to determine final awardee in accordance with the evaluation criteria listed in the bid or proposal documents.

CSU and State contracting opportunities may be viewed at <http://www.bidsync.com>

State of California
VENDOR DATA RECORD

(Required in lieu of IRS W-9 when doing business with the State of California)
Form 204 (CSUF 01/12)

ARE YOU A RESIDENT OR NONRESIDENT?

Each corporation, individual/sole proprietor, partnership, estate, or trust doing business with the State of California must indicate residency status along with their vendor identification number.

A **corporation** if it has a permanent place of business in California. The corporation has a permanent place of business in California if it is organized and existing under the laws of this state or, if a foreign corporation has qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in this state only if it maintains a permanent office in this state that is permanently staffed by its employees.

For **individual/sole proprietors**, the term "resident" includes every individual who is in California for other than a temporary or transitory purpose and any individual domiciled in California who is absent for a temporary or transitory purpose. Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a nonresident.

For withholding purposes, a **partnership** is considered a resident partnership if it has a permanent place of business in California. An estate is considered a California estate if the decedent was a California resident at the time of death and a trust is considered a California trust if at least one trustee is a California resident.

More information on residency status can be obtained by calling the Franchise Tax Board at the numbers listed below:

From within the United States, call 1-800-852-5711
From outside the United States, call 1-916-845-6500
For hearing impaired with TDD, call 1-800-822-6268

ARE YOU SUBJECT TO NONRESIDENT WITHHOLDING?

Payments made to nonresident vendors including corporations, individuals, partnerships, estates and trusts are subject to income tax withholding. Nonresident vendors performing services in California or receiving rent, lease or royalty payments from property (real or personal) located in California will have 7% of their total payments withheld for state income taxes. However, no California tax withholding is required if total payments to the vendor are \$1500 or less for the calendar year.

A nonresident vendor may request that income taxes be withheld at a lower rate or waived by sending a completed form FTB 588 to the address below. A waiver will generally be granted when a vendor has a history of filing California returns and making timely estimated payments. If the vendor activity is carried on outside of California or partially outside of California, a waiver or reduced withholding rate may be granted. For more information, contact:

P.O. Box 651
Sacramento, CA 95812-0651
Telephone: (916)845-4900
Fax: (916)845-4831

If a reduced rate of withholding or waiver has been authorized by the Franchise Tax Board, attach a copy to this form.

FOREIGN CITIZENS and FOREIGN BUSINESSES

Federal tax withholding regulations differ significantly from California tax withholding requirements. A tax analysis consultation and additional forms must be completed before a payment can be released.
